Noah

Crime shows like Money Heist are **shocking**! The plot twists always leave me **surprised** and **excited** to see what happens next. Sometimes the characters do things that are hard to believe, but that makes the show more fun to watch.

Olivia

I watched Titanic last weekend. Some parts were a bit **boring** because the story was slow at times, but the ending was really **frightening** when the ship started to sink. I felt so scared for the characters, but it made the movie more emotional and powerful.
