WHAT'S YOUR FAVORITE MOVIE GENRE?

Alex

I find action movies like John Wick so **exciting**! The fight scenes are really cool, and I always feel **amazed** by the stunts. Sometimes it's a bit **tiring** to watch because there's so much action, but that's what makes it fun!

Sophie

Romance movies are **interesting**, but Bridgerton sometimes has **annoying** characters. Still, the love stories keep me **interested**! I was **surprised** by how dramatic some relationships are!

Liam

I'm really into sci-fi like Dune, but I was **confused** at first because the story is a bit hard to understand. After watching it again, I got it and felt more **interested**. The cool places and costumes make it even more **exciting**.

Emma

I love musicals like La La Land! The songs are so relaxing, and I feel **relaxed** just listening to the music. Also, the dances and colorful scenes are really **amusing** and always make me happy.

Noah

Crime shows like Money Heist are **shocking**! The plot twists always leave me **surprised** and **excited** to see what happens next. Sometimes the characters do things that are hard to believe, but that makes the show more fun to watch.

Olivia

I watched Titanic last weekend. Some parts were a bit **boring** because the story was slow at times, but the ending was really **frightening** when the ship started to sink. I felt so scared for the characters, but it made the movie more emotional and powerful.
